Kathryn is a practitioner at the well-known Agape Spiritual Center, where she led its Crisis Support Team for six years. Philosophy

Kathryn's beliefs on love are positive and hopeful. She teaches people how to let go after a failed relationship or breakup more easily. Her core tenants are:

1. No one is left out of love no matter their weight, age, condition or state of mind.
2. Simply believing that you can have love and dropping any cynicism does wonders for a person's love life.
3. If you're not the going out kind, (s)he'll drop in your lap if you're in the right frame of mind.
4. You don't have to kiss a hundred frogs to find love.
5. Desperation repels, and confidence is the ultimate aphrodisiac. If you believe you get love, you won't exude desperation.
6. It's important to release anyone you're hanging on to so you're free for love.
7. Being single can be a wonderful time in your life and is an important stage in self-growth.
8. Nothing will keep your soulmate from you.
